- Lithuanian (native);
- English (advanced)

PROFILE SUMMARY

For the past 18 years I was playing basketball in many different teams with many different players. Recently I decided to change my career path and I tried programming. After completing Full-stack course at Vilnius Coding School I realised that I would like to start my career as a junior full-stack programmer. Therefore, I am currently open to new career opportunities in the field of IT.

EDUCATION HISTORY

FULL-STACK DEVELOPER

Institution: Vilnius Coding School

2022-08-09 - 2022-10-11

8 weeks, 72 hours

In this course I have learned:

- Create websites using an easy-to-understand and functional language HTML;
- Style website using the CSS language. Also Bootstrap framework;
- Make website dynamic with JavaScript;
- Learned how to build content management systems using PHP;
- How to work with databases using MySQL. Integrating PHP with MySQL. Secure data retrieval.
